### **PRODUCT PRICES FOR FAMILY PHOTOGRAPHY**

After your shoot you can expect your personal online web gallery of the images to be ready to view within a week to ten days. You can either choose your prints, products or high resolution digital image files directly from viewing your web gallery, or arrange a visit either to my base in London or Suffolk. We can then view the images on a larger screen and I can help and guide you with the many options available. For those clients who do not opt for a viewing session, although you will have seen samples that I bring to your shoot, you can be reminded of these by visiting my Photoblog ([www.annamccarthy.com/blog](http://www.annamccarthy.com/blog)) and clicking on the category 'Anna McCarthy Products'. Please ask me to guide you to this if you have problems locating.

A 10% discount applies on all orders made within 3 weeks of receipt of your gallery or at your viewing session as long as that is within the 3 week period too.

All prices below are inclusive of Vat

Products can be collected from my Woodbridge or London base, or can be sent to you sometimes direct from my supplier. Delivery charges at cost apply if sending. Sometimes I am able to deliver products to you myself.

#### **UNFRAMED PRINTS**

All my unframed prints use professional photographic paper (Fuji Crystal Archive) and will last for many decades.

*7"x5", 7.5"x5", or 6"x8" print - £25*

*9"x6" or 10"x8" - £30*

*12"x8" - £40*

*15"x10" - £60*

*12"x16" - £75*

*18"x12" - £90*

Please note that if you choose a 7"x5", 6"x8", 10"x8" or 12"x16" print, your image will need cropping.

All prints up to 12"x8" size come mounted in a cream or black mount.

Bespoke print sizes also available.

## **FRAMED PRINTS AND OTHER WALL ART:**

Please note the following:

All my frames contain acid-free museum quality mounts.

All my framed products use non-reflective high quality miroguard glass. Non-reflective glass is the very best way to display photographs behind glass making a world of difference to the viewing experience. The wood used in these frames is F.S.C, which means the wood has been milled responsibly from managed forests. All the frame sizes below are for standard sized prints but if you require a made-to-measure frame, this is no problem at all.

I offer 2 ranges of traditional framed prints as follows:

### **1. Contemporary wood frames with a smooth moulding/finish**

These very high quality and highly finished frames are perfect for both a traditional and modern interior offering both simplicity and style. The wood is soft wood pine/obeche. A gesso is applied to the wood and they are then finished in a smooth black or white laminate moulding.

The frames are available as single frames, which are great for single images of your child/ren, and multi aperture frames. Multi aperture frames are a very popular option and are a fantastic way to display a mini photo story of your shoot in a single frame.

#### **Single Frames:**

*Framed 7.5"x5" print (approx overall frame size is 10"x12.5") - £125*

*Framed 9"x6" print (approx overall frame size is 18"x15") - £155*

*Framed 12"x8" print (approx overall frame size is 21"x17") - £220*

*Framed 15"x10" print (approx overall frame size is 23.5" x 18.5") - £280*

*Framed 18"x12" print (approx overall frame size is 28.5"x22.5") - £365*

#### **Multi Aperture Frames:**

For multi aperture frames you can choose between 3 9"x6" or 12"x8" prints in a single frame (landscape or portrait layout) or 4 6"x6" or 8"x8" prints in a square frame as follows:

*Three 9"x6" prints in a single frame (approx overall frame size is 36"x17.5") - £330 (nb: the dimensions and price is the same whether the apertures are landscape or portrait layout)*

*Three 12"x8" prints in a single frame (portrait aperture layout) (approx overall frame size is 35.5"x20.5") - £470*

*Three 12"x8" inch prints in a single frame (landscape aperture layout) (approx overall frame size is 47.5"x16.5") - £570*

*Four 6"x6" prints in a single square frame (approx overall frame size is 22.5"x22.5") - £330*

*Four 8"x8" prints in a single square frame (approx overall frame size is 29.5"x29.5") - £430*

## 2. Oak Naturals Frames

These are really beautiful frames, again along classic lines but with a difference. The frame moulding is American solid oak but within it, and perfectly matching, is a solid oak slip mount so that you get an 'echo' of the oak frame within the mount. If you prefer complete simplicity the inner oak slip mount can be omitted. The completely smooth oak finish to these frames gives them a feel of quality and luxury but also they are just perfect for showing off colour images taken in a natural setting like a wood, fields, the beach etc.

### Single Frames:

*Framed 7.5"x5" print (approx overall frame size is 10" x 12.5") - £140*

*Framed 9"x6" print (approx overall frame size is 15" x 12") - £165*

*Framed 12"x8" print (approx overall frame size is 17" x 21") - £240*

*Framed 15"x10" print (approx overall frame size is 23" x 18") - £295*

*Framed 18"x12" print (approx overall frame size is 26.5" x 20.5") - £395*

*Framed 18"x12" print 'Grande Oak' (approx overall frame size is 29" x 23") - £420*

### Multi Aperture Frames:

For multi aperture frames you can choose between 3 9"x6" or 12"x8" prints in a single frame (landscape or portrait layout) or 4 6"x6" or 8"x8" prints in a square frame as follows:

*Three 9"x6" prints in a single frame (approx overall frame size is 35.5" x 17") - £365*

(nb: the dimensions and price is the same whether the apertures are landscape or portrait layout)

*Three 12"x8" prints in a single frame (portrait aperture layout) (approx overall frame size is 35" x 20") - £495*

*Three 12"x8" prints in a single frame (landscape aperture layout) (approx overall frame size is 47" x 16") - £595*

*Four 6"x6" prints in a single square frame (approx overall size of frame is 22"x22") - £365*

*Four 8"x8" prints in a single square frame (approx overall size of frame is 29"x29") - £550*

## THE BOX FRAME

I love these, again for their simplicity allowing the photograph to do all the talking. Despite their simplicity it isn't easy to describe them in words but as I bring samples to all my shoots, you will be able to see them. Essentially the frame sits flush against the wall and the image sits level with the top of the frame profile giving an image box effect. The prints are finished with a satin laminate to protect them. I offer three frame mouldings: black, white and oak.

*10"x8" box framed print - £105*

*12"x12" box framed print - £135*

*12"x16" box framed print - £165*

*16"x20" box framed print - £215*

*Bespoke sizes are available*

### **MDF MOUNTED PRINT**

This MDF product designed for the wall is a more modern, contemporary alternative to the framed prints I offer. It is produced from a digital file and carefully finished with a durable satin laminate. It is then bonded to the 18mm MDF. The edges and 45-degree bevel are coated with either black or white foil and the print is fixed to the wall using wooden batons – all provided. The batons keep the print proud from the wall surface.

*12"x12" mdf - £130*

*16"x12" mdf - £160*

*16"x20" mdf - £230*

*Bespoke sizes available.*

### **CANVAS WRAP**

Like the Bevel-Edge mounted print, the Canvas Wrap is a modern, contemporary way to display your images and is a great statement piece on a wall. Hand crafted to the highest standards, your image is produced on real photographic paper and bonded onto artist's canvas and coated for extra protection. The image is then formed around the wooden framework and secured in place. Landscape, upright and square formats available in any size.

*12"x12" wrap - £130*

*16"x12" wrap - £230*

*16"x16" wrap - £295*

*16"x20" wrap - £330*

*Bespoke sizes available*

### **GLACIER GLASS BLOCK**

Particularly popular as a present for husbands, wives, grand or godparents, or bought by parents as a personal keepsake for their bedside or office desk, this is a beautiful freestanding product designed for table, shelf or mantle piece. The print is mounted to the back of the 30mm acrylic block and encapsulated also giving it a prism effect. This gives it depth and is very eye-catching. The block is presented in an attractive material-lined presentation box.

*5"x5" block - £115*

*7"x5" block - £125*

### **CHRISTMAS, GREETINGS AND INVITATION CARDS**

These cards are a very popular option in the run up to Christmas for people wanting a family Christmas card. Choose a couple of favourite images from your shoot for the front and the back of your card. You can leave the inside blank or opt for some text. Please order your Christmas cards at least one month before Christmas.

*50 cards with envelopes - £170  
100 cards with envelopes - £250  
150 cards with envelopes - £310*

### **PRINT-READY DIGITAL IMAGE FILES**

The processed print-ready digital files are ideal for those wishing to make their own prints and reprints in years to come and/or those wishing to keep a copy of the whole shoot for future generations. It gives you full non-commercial reproduction rights to reproduce the images for your own personal use.

Each file is prepared for printing by myself and to the same high standard as if I were printing it myself. Each file is also given to you in the standard print sizes (6"x4", 7.5"x5", 6"x9", 12"x8", 15"x10" and 18"x12") enabling you to upload them onto your online lab or print out on your own printer with ease. I will also provide you with a licence to print and my own notes and recommendations for printing your files.

*One high-resolution print-ready digital image file = £95  
Complete set = £1200*

*NB: If your order exceeds £1600 (before any discount is applied), the complete set of processed print-ready digital image files from the session is included at no extra cost. For sessions including more than one family, the total order from all the families together must exceed £2000 (before discount is applied) to qualify for the digital files on top.*

*All digital image files from the session will be given to you, not just those used for any product order. If you do not think you will use all the pictures that are displayed on your galleries, I ask that you let me know the frame numbers of those you would like and I can prepare these for you and do any necessary retouching.*

**Current November 2011**
